STATE REORGANIZATION BILL MUCH ALTERED

EXPECTED TO PASS THE SENATE THIS AFTERNOON

LAST AMENDMENT CONCERNS DIRECTOR OF THE BUDGET

ARGUMENT OCCURS OVER SEN- ATOR THURLOW'S VOTE

(By United Press)
St. Paul, April 1.—The state reorganization bill is expected to be passed by the senate late today in a much altered form.

A further change in the measure was made this morning when an amendment was adopted. The senate inserted a provision for a \$4,500 director of the budget instead of three \$5,000 members of a commission of administration and finance who would have been appointed by the governor. The vote was 35 to 31.

Proponents of the bill dropped in Senator Allen Furlow of Rochester who was excused at the beginning of the legislative session because he was elected to the United States House of Representatives. This caused a bitter fight during the morning session.

Senator Furlow was allowed to vote after Lieut.-Gov. W. I. Nolan ruled that he had a right to sit in the Minnesota senate as he has not yet taken office in the national house of representatives.

STATE REVENUE FUND HAS A NEAT BALANCE

St. Paul, April 1.—The state revenue fund has a balance of \$3,191,950. The total in all state funds as the state treasury office opened for business this morning was \$12,699,265 of which \$4,398,656 is in the state highway fund.

GIN NOT NEEDED TO PUT PEP IN PARTIES, SAYS FAMED DANCER

Kansas City, Mo., April 1.—Shimmie shaking can be accomplished just as successfully with a shot of ordinary tea as with an equal amount of synthetic gin.

No less an authority than Gilda Gray makes this assertion.

Miss Gray, who was in Kansas City today en route to the Pacific coast, declared that young folks can have a good time at dancing parties without the help of liquor.

"But because it is supposed to be naughty, everyone must drink," said the world's leading shimmie shaking exponent.

"The result is that gin is now synonymous with any sort of party."

STUDENTS IN A GENERAL STRIKE

MANY LARGE UNIVERSITIES OF FRANCE SCENE OF COM- MOTION

(By United Press)
Paris, April 1.—Declaration of a general students' strike throughout all of the large universities of France was issued today by the Federal Association of Students at Serbonne as a protest against the government's action in suspending the dean of the law faculty.

The strike is scheduled to begin tomorrow.

NEW I. C. C. MEMBER TAKES HIS POSITION

Washington, April 1.—Thomas F. Woodlock of New York was sworn in today as a member of the I. C. C. under a recess appointment by President Coolidge after the senate twice had failed to act on Woodlock's nomination.

Woodlock was sworn in by George B. McGinty, secretary of the commission, just before the official day started. Woodlock immediately set to work.

APRIL FOOLS' DAY BEING OBSERVED IN STAUD BERLIN

(By United Press)
Berlin, April 1.—Imaginative editors with All Fools' Day to inspire their inventions today gave their readers such glowing misinformation as the following:

"A total eclipse of the sun occurred between 6:30 last night and 5:38 this morning."

"Latest Paris styles declare fat women are the fashion."

"Miami, Florida, is infested with chic policemen in bathing costumes who direct traffic."

"Charlie Chaplin has quit the movies and he is directing an orchestra in a Vienna Coffee House."

DOROTHY SAYS SHE ISN'T A BIT CRAZY

YOUTHFUL MATRICIDE INSISTS UPON PLEADING GUILTY

TRIAL ON HER CIVIL SANITY IS TO BEGIN THIS AFTER- NOON

(By United Press)
San Francisco, April 1.—Unless Dorothy Ellingson insists upon pleading guilty, trial of the youthful matricide on her civil sanity will begin at 2 o'clock today before a jury of nine men and three women.

"I'm not crazy," the jazz-girl rebelliously uttered. "I'm as sane as anyone. I won't let this go on." Hysteria which breaks out afresh almost as police quiet her follow each collapse. The ordeal to which Dorothy has been subjected is taking its toll—extreme nervousness, twisting fingers and furtive eyes.

The jury was selected late yesterday just before Dorothy threw the court into an uproar by the most dramatic collapse staged since she was brought to trial.

Wails of "daddy," "Earl," her brother and "Jimmy," one of the "boy friends," pierced the hushed air of the court room as the girl was carried to an automobile and taken to the jail. "I'm not insane," she sobbed. "I want to go on."

Then a pitiable cry for help: "Mother."

At that came remembrances and spectators in the court room were chilled by the anguished screams of the frenzied girl.

Once during the day's proceedings, Dorothy had collapsed. She fainted when knotting and re-knotting a handkerchief, her vanity box was pushed off her lap and clattered to the floor.

As the girl continues to rebel against an insanity hearing, there are recurring rumors of a break between Attorney Alexander Moselin and her father, Joseph Ellingson. Neither man would confirm or deny the report.

War Veteran Ends Life After Making Funeral Arrangements

Madison, Wis., April 1.—Coroner Stevenson announced a verdict of suicide in the death of Marcellus Paulson, 30, world war veteran, who was found shot to death in a barn on the Paulson farm, near here.

He had previously written his obituary for the Dane County News, and completed the funeral arrangements.

The former service man had returned from a veterans' hospital in Milwaukee, where he had gone for treatment.

Five envelopes were taken from the pockets of the dead man. In these were found funeral arrangements, including the order of services, type of casket, pall bearers, kind of flowers and obituary to be read at the services, neatly typed on stationery of the Mickelson-Martin post of the American Legion.

BITUMINOUS MINERS CALLED OUT ON STRIKE

TEN COUNTIES OF NORTHERN WEST VIRGINIA ARE AFFECTED

SEVEN NON-UNION MINES IN THE FIELD CONTINUE THEIR OPERATIONS

(By United Press)
Morgantown, W. Va., April 1.—Strike of the bituminous coal miners in 10 counties of northern West Virginia called by the United Mine Workers of America was in effect today.

The scope of the strike which became effective last midnight could not be determined, however, as union and non-union mines throughout the state were closed today in celebration of the 8-hour day in the industry.

Seven non-union mines in this field were operating today because the men elected to work when the question of a holiday was submitted to them. All other mines closed down.

SIX FIREMEN ARE HURT IN PAINT SHOP EXPLOSION

(By United Press)
Chicago, April 1.—Six firemen were injured here today while attempting to put out flames which destroyed a paint shop on the west side. An explosion which occurred after the fire-fighters had entered the building was responsible for their injuries. Property damage was estimated at \$15,000.

THIRTY MILLION IN ALLOTMENTS FOR RIVERS, HARBORS

APPROPRIATION ACT OF 1925 CARRIES IMPROVEMENT PROVISIONS

MISSISSIPPI RIVER IN TWO DIS- TRICTS ALLOTTED \$2,550,000

(By United Press)
Washington, April 1.—Allotments totaling \$30,683,510 for river and harbor works improvement under the appropriation act of 1925 were announced today by Secretary of War Weeks.

The amounts allotted were the minimum necessary for immediate use and in some cases were less than those recommended in the annual report of the army chief engineers.

Among the principal allotments were the following:

Mississippi river between Ohio and Missouri rivers, \$1,550,000.

Mississippi river between Missouri river and Minneapolis, \$1,000,000.

PLANS MONTE CARLO OFF CANADA COAST

Victoria, B. C., April 1.—Louis Bradbury, wealthy Californian, is going to capitalize on the thirst of his fellow countrymen.

He has purchased Moresby Island, one of the largest of the minor group of islands in the Gulf of Georgia, and will turn it into "the Monte Carlo of the Pacific coast."

More than \$2,000,000 will be spent in building a huge casino, residential house, summer resort and other attractions for American tourists.

Airplanes will connect the island with Vancouver and Victoria.

Special efforts will be made to entertain thirsty Americans who travel north to this oasis, Bradbury said. The island picked is between Vancouver island and the Canadian mainland.

MEXICAN ARMY CHIEF FATALLY SHOT IN HIS CAR

(By United Press)
Mexico City, April 1.—General Acosta, chief of artillery in the Mexican army, was shot fatally while riding in an automobile last night, by General Maciel, former Mexican secretary of war. Maciel was accompanied by several friends. He and Acosta long have been bitter political enemies.

STAPLES COUPLE CELEBRATE THEIR 75TH ANNIVERSARY

MR. AND MRS. WILLIAM WILSON MARRIED WHEN MCKINLEY WORE KNEE PANTS

BRIDE OF 75 YEARS AGO IS NOW 92 YEARS OF AGE; HUS- BAND SAME AGE

Staples, Minn., April 1.—Mr. and Mrs. William Wilson celebrated their diamond wedding anniversary here yesterday with health and happiness.

They were married at Delphos, O., March 31, 1850, which they say is just 75 "short years" ago. When, as pretty Hanna Savage of Crawford, O., and the stalwart Bill Wilson, 18 years old, they exchanged vows, William McKinley was running around in knee breeches down in Trumbull county, Ohio, a boy of 7 years. Fillmore was then president, Lincoln was a practicing attorney at Springfield, Ill., and had himself been married only eight years before. That same year Zachary Taylor, the 12th president, died in Washington.

At the time of their marriage, "The Wilsons," as they were known for miles around Delphos, had no thought of coming to the territory of Minnesota.

Twelve years after the marriage, Mr. Wilson enlisted in the 151st Ohio infantry and fought in the Civil war until 1864.

They came to Minnesota in 1895, settling at Staples. Mr. Wilson has since farmed, bought and shipped stock and engaged in various other lines of business.

The bride of 75 years ago is now 92 years old. Mr. Wilson is five months her senior. They have 104 children, grand children and great grandchildren. They are divided as follows: 12 children, nine of whom are living; 39 grandchildren and 53 great grandchildren.

Members of the family present at the diamond anniversary celebration were Mrs. William Elthen of Staples; Mrs. Bell Rock of Canada; Mrs. D. J. Nee of Shevlin, Minn.; Mrs. Frank Heene of Wahpeton, N. D., and J. P. Wilson of Cohasset.

The celebration was somewhat marred by the death yesterday of Mr. Wilson's friend of many years, Comrade Benson, a 93-year-old Civil war veteran. He had planned to celebrate the Wilson anniversary.

CAR CLEANER CHARGED WITH MAIL ROBBERY

(By United Press)
Buffalo, N. Y., April 1.—Theft of \$120,000 in currency from the United States mails on February 27 was cleared up last night, officers said, with the arrest of August Lehman, 42, a car cleaner employed by the Pennsylvania railroad company, and Herman Reis, 43.

Lehman is charged with robbing the United States mails and Reis is charged with receiving and passing bills known to have been stolen from the mails.

Postoffice inspectors said there may be further arrests of persons who peddled the bills after they had been stolen by Lehman from the mail pouch.

TWO MILL CITY POLICE FIGURE IN CAR SMASH

AUTOMOBILE CRASHES HEAD- LONG INTO STREETCAR ON UNIVERSITY AVE.

SAID TO HAVE BEEN TRAVELING AT SPEED OF 50 MILES AN HOUR

(By United Press)
St. Paul, April 1.—Two Minneapolis policemen figured in a joyride which proved fatal for three persons early today. Their car crashed headlong into a streetcar on University Avenue traveling at about 50 miles an hour.

Harry Olson, 35, one of the policeman and driver of the car, was instantly killed.

Edwin Cronkright, 30, and Clara Miller, 25, died within a few minutes.

Pauline, another Minneapolis policeman, and Mary Zions were seriously injured, but physicians say they have a chance to live. Police officers say that Pauline was indicted for manslaughter a year ago for running down a woman in Minneapolis, but was acquitted.

GRAIN MAKES SUBSTANTIAL ADVANCE TODAY

(By United Press)
Chicago, April 1.—Grain scored substantial gains in the first few minutes of trading on the Chicago Board of Trade today. May wheat opened at \$1.49 a bushel, a gain of 2 cents over the previous close. July wheat was up 3 cents and September wheat 2 3/4 cents.

CHARGES SELLING PRESIDENT-TYPE LINERS HALF PRICE

VICE CHAIRMAN SHIPPING BOARD MAKES STATEMENT TODAY

DECLARES SHIPS MADE PROFIT FOR GOVERNMENT OF \$2,- 000,000 LAST YEAR

(By United Press)
Washington, April 1.—The government is selling five president-type liners at "half price" to the Stanley Dollar Lines for \$5,625,000. E. C. Plummer, vice-chairman of the United States shipping board, charged in a statement today.

Plummer, who voted in the board minority on the 4 to 3 vote to accept the Dollar Company's bid over the bid of the Pacific Mail of \$6,750,000, part cash to be allowed and to be permitted to operate the five liners, declared the ships made a profit of nearly \$2,000,000 last year.

GOVERNMENT MAKES MONEY FROM TOBACCO

(By United Press)
Washington, April 1.—The government made a third of a billion dollars out of the tobacco trade last year.

Revenue from tobacco taxes, notably from cigarettes, has been steadily increasing for many years. The total for 1924 was \$334,661,405, as compared with \$317,541,826 in 1923.

Taxes on cigarettes made up most of this amount, amounting to \$213,143,138 in 1924 and \$192,489,876 in 1923.

Popularity of cigars is declining slightly, it was indicated, the revenues declining from \$47,659,353 in 1923 to \$44,920,643 in 1924.

Manufactured tobacco, including preparations for pipes and for chewing, increased slightly from \$67,084,434 to \$67,323,997. Snuff taxes decreased from \$7,093,792 to \$7,015,191.

APRIL FOOLS' DAY AT AQUARIUM IN NEW YORK CITY

(By United Press)
New York, April 1.—The jokesters who annually derive pleasure from calling the Aquarium on April Fool's Day and ask for Mr. Fish are to have their hallowed privilege taken from them. The authorities of the Aquarium asked the telephone company to disconnect their service for the day.

Director William J. Hornaday of the Bronx Zoo has provided for the occasion, however, by assigning a special operator to answer the calls for Mr. Bear and Mrs. Wolf.

CONFIDENT OF SENDING BANDIT TO THE GALLOWS

STATE WILL REST ITS CASE TO- DAY IN THE CHAPMAN TRIAL

CHARGES HIM WITH MURDERING POLICEMAN SKELLY

(By United Press)
Hartford, Conn., April 1.—Confident of sending Gerald Chapman to the gallows as the murderer of Policeman Skelly, the state will rest its case today.

Judge Groehl, defense attorney, following the verbal barrage that tore to shreds the character and record of Walter Shean, star witness for the state, was equally confident last night that Chapman would be freed.

Groehl will introduce witnesses on the stand when the state concludes its case to show that Chapman was not in New Britain the day of the murder.

Under the steady bombardment of questions yesterday Shean admitted a career of crime lasting eight years. His checkered life has included bank robberies, questionable bond transactions and several cases of forgery, according to his own testimony.

Sitting in court yesterday through more than three hours of long drawn out cross examination of his son was Charles T. Shean, millionaire hotel owner of Springfield, Mass.

"ACE OF BURGLARS" STARTS HIS DEFENSE

Hartford, Conn., April 1.—Gerald Chapman, the "ace of burglars," began his defense on charges of murder here today. When the state completed the case, Chapman's lawyers immediately moved that the charge be dismissed on the ground of insufficient evidence.

There was much argument, but the court ruled that the testimony was sufficient and if Chapman was to save his life he must fight for it.

Recess for lunch was then taken and this afternoon calling of witnesses for the defense will begin.

FOUNDER OF ROCKY MOUNTAIN NEWS DIED IN CINCINNATI

(By United Press)
Cincinnati, O., April 1.—Captain Richard P. Rifemberick, railroad pioneer and founder of the Rocky Mountain News at Denver, died there today at the age of 95. Rifemberick helped build the Toledo, Ohio Railroad.

INSTANTLY KILLED COUPLING CARS

(By United Press)
Casselton, N. D., April 1.—E. P. Smith, 33, Great Northern railroad yardmaster, was killed instantly early today when he was crushed between two cars while adjusting the couplers.

He is survived by the widow.

ACTION TO COME IF RULING IS AGAINST BAIL

SHEPHERD'S ATTORNEY BRINGS MORE AFFIDAVITS TO COURT

ANOTHER ELEMENT OF MYSTERY ENTERS CELEBRATED CASE

(By United Press)
Chicago, April 1.—Immediate trial has been agreed upon for William D. Shepherd charged with the murder of Billy McClintock, if Judge Jacob Hopkins again rules against it, it was made known today. William Scott Stewart, chief defense attorney, said he would demand immediate trial in the event Judge Hopkins refused to reopen the bail hearing.

State's Attorney Robert E. Crowe said he did not want to lose any time and is agreeable to Stewart's suggestion.

Stewart brought more affidavits in court today in an effort to show cause for reopening of the bail plea rejected at a previous hearing. Another element of mystery entered the case with the appearance of a letter purporting to show that William McClintock, Sr., had once been charged with poisoning his first wife for the fortune bequeathed to Billy. The letter is from Attorney Lewis Peterson of Oceanide, Calif., announcing he would claim the fortune for his client, Lyman G. Caswell, nephew of the first wife of McClintock, Sr.

William W. Caswell, father of Lyman, sought the brother's share in the estate of Sarah McClintock and filed two court actions, one charging McClintock with having used injurious drugs and liquor to weaken Mrs. McClintock's mind, Peterson wrote. This suit was actually started in Chicago, but later was withdrawn when a settlement was made out of court. The price of settlement was half of the million dollar fortune, the letter states. The suit was filed in 1899, Peterson says. Some time after this McClintock married again and Billy was born. McClintock, Sr., died shortly after the birth leaving the fortune to his wife. On her death the estate went to Billy. William Smith, Belleville, Ill., another nephew of Sarah McClintock also filed a suit for a share in the estate but he failed to push the matter, the letter states.

DODGE BROTHERS MOTOR CO. SALE

NEGOTIATIONS IN PROGRESS AT DETROIT, MICHIGAN, TODAY

(By United Press)
Detroit, Mich., April 1.—Negotiations for the completion of the sale of the Dodge Brothers Motor Company to Dillon, Read & Company are in progress at the Book-Cadillac Hotel, it was learned today.

A. F. Schwartz with E. W. Wilmer and F. W. Howland are representing the New York brokers in the transaction. Mr. Dillon was registered at the hotel last week.

Mr. Schwartz indicated he might have a statement to issue this afternoon.

Take Over Own Patents

Washington, April 1.—The government made a third of a billion dollars out of the tobacco trade last year.

Revenue from tobacco taxes, notably from cigarettes, has been steadily increasing for many years. The total for 1924 was \$334,661,465, as compared with \$317,541,826 in 1923.

Taxes on cigarettes made up most of this amount, amounting to \$213,143,138 in 1924 and \$193,489,876 in 1923.

Popularity of cigars is declining slightly, it was indicated, the revenues declining from \$47,659,353 in 1923 to \$44,920,643 in 1924.

Manufactured tobacco, including preparations for pipes and for chewing, increased slightly from \$67,084,434 to \$67,323,997. Snuff taxes decreased from \$7,083,792 to \$7,015,191.

APRIL FOOLS' DAY AT AQUARIUM IN NEW YORK CITY

(By United Press)
New York, April 1.—The jokesters who annually derive pleasure from calling the Aquarium on April Fool's Day and ask for Mr. Fish are to have their hallowed privilege taken from them. The authorities of the Aquarium asked the telephone company to disconnect their service for the day.

Director William J. Hornaday of the Bronx Zoo has provided for the occasion, however, by assigning a special operator to answer the calls for Mr. Bear and Mrs. Wolf.

CONFIDENT OF SENDING BANDIT TO THE GALLOWES

STATE WILL REST ITS CASE TO- DAY IN THE CHAPMAN TRIAL

CHARGES HIM WITH MURDERING POLICEMAN SKELLY

(By United Press)
Hartford, Conn., April 1.—Confident of sending Gerald Chapman to the gallows as the murderer of Policeman Skelly, the state will rest its case today.

Judge Grochl, defense attorney, following the verbal barrage that tore to shreds the character and record of Walter Shean, star witness for the state, was equally confident last night that Chapman would be freed.

Grochl will introduce witnesses on the stand when the state concludes its case to show that Chapman was not in New Britain the day of the murder.

Under the steady bombardment of questions yesterday Shean admitted a career of crime lasting eight years. His checkered life has included bank robberies, questionable bond transactions and several cases of forgery, according to his own testimony.

Sitting in court yesterday through more than three hours of long drawn out cross examination of his son was Charles T. Shean, millionaire hotel owner of Springfield, Mass.

"ACE OF BURGLARS" STARTS HIS DEFENSE

Hartford, Conn., April 1.—Gerald Chapman, the "ace of burglars," began his defense on charges of murder here today. When the state completed the case, Chapman's lawyers immediately moved that the charge be dismissed on the ground of insufficient evidence.

There was much argument, but the court ruled that the testimony was sufficient and if Chapman was to save his life he must fight for it.

Recess for lunch was then taken and this afternoon calling of witnesses for the defense will begin.

He is survived by the widow.

ACTION TO COME IF RULING IS AGAINST BAIL

SHEPHERD'S ATTORNEY BRINGS MORE AFFIDAVITS TO COURT

ANOTHER ELEMENT OF MYSTERY ENTERS CELEBRATED CASE

(By United Press)
Chicago, April 1.—Immediate trial has been agreed upon for William D. Shepherd charged with the murder of Billy McClintock, if Judge Jacob Hopkins again rules against it, it was made known today. William Scott Stewart, chief defense attorney, said he would demand immediate trial in the event Judge Hopkins refused to reopen the bail hearing.

State's Attorney Robert E. Crowe said he did not want to lose any time and is agreeable to Stewart's suggestion.

Stewart brought more affidavits in court today in an effort to show cause for reopening of the bail plea rejected at a previous hearing. Another element of mystery entered the case with the appearance of a letter purporting to show that William McClintock, Sr., had once been charged with poisoning his first wife for the fortune bequeathed to Billy. The letter is from Attorney Lewis Peterson of Oceanside, Calif., announcing he would claim the fortune for his client, Lyman G. Caswell, nephew of the first wife of McClintock, Sr.

William W. Caswell, father of Lyman, sought the brother's share in the estate of Sarah McClintock and filed two court actions, one charging McClintock with having used injurious drugs and liquor to weaken Mrs. McClintock's mind, Peterson wrote. This suit was actually started in Chicago, but later was withdrawn when a settlement was made out of court. The price of settlement was half of the million dollar fortune, the letter states. The suit was filed in 1899, Peterson says. Some time after this McClintock married again and Billy was born. McClintock, Sr., died shortly after the birth leaving the fortune to his wife. On her death the estate went to Billy. William Smith, Belleville, Ill., another nephew of Sarah McClintock also filed a suit for a share in the estate but he failed to push the matter, the letter states.

DODGE BROTHERS MOTOR CO. SALE

NEGOTIATIONS IN PROGRESS AT DETROIT, MICHIGAN, TODAY

(By United Press)
Detroit, Mich., April 1.—Negotiations for the completion of the sale of the Dodge Brothers Motor Company to Dillon, Read & Company are in progress at the Book-Cadillac Hotel, it was learned today.

A. F. Schwartz with E. W. Wilmer and F. W. Howland are representing the New York brokers in the transaction. Mr. Dillon was registered at the hotel last week.

Mr. Schwartz indicated he might have a statement to issue this afternoon.

Take Over Own Patents

(By United Press)
New York, April 1.—Columbia University will hereafter take over patents arising from discoveries made in its own laboratories. Adoption of this policy, announced as a "new and important departure" in the Columbia administrative system, will "be declared, protect the inventor and the public, and enable the university, by sharing in profits, to promote research."

SUFFERS HEAVY FIRE LOSSES

Barn, Garage and New Studebaker Car of George A. Cain, Destroyed

NEIGHBOR'S BARN ALSO LOST

Origin of Fire is Mystery—Grass Fire Threatens Episcopal Rectory

Fire about 3:30 o'clock Wednesday morning destroyed the barn, garage and new Studebaker automobile belonging to Alderman George A. Cain, and a barn across the alley on the property of John Hedstrom. It is not known how the fire started. Mrs. Cain had been burning off the lawn during the afternoon Tuesday, but thought that this fire had been extinguished. Neighbors at midnight could see no signs of any blaze, they report, so the origin of the fire is a mystery.

Mr. Cain lives at 821 Mill Ave. N. E. The fire had gained such headway before it was noticed that the automobile could not be saved. It had only been purchased the week before. The car and buildings were partially covered by insurance, as was the barn belonging to Mr. Hedstrom.

A grass fire at the Episcopal rectory about 4 o'clock Tuesday afternoon got out of control and burned through a basement window, igniting the rafters of the house. It was extinguished before much damage was done.

Fire in a rubbish pile at the corner of South Fourth and Oak streets at 5:29 o'clock Tuesday afternoon, was extinguished before it had an opportunity to spread.

Episcopal Bazaar A bazaar will be held in the basement of St. Paul's Episcopal church on Saturday, April 4th, from one until eight o'clock P. M. Exceptionally attractive articles will be offered for sale, also cakes and cookies. Tea will also be served.

CALL 74—WANT ADS

For a New High School

BY THE CITIZENS COMMITTEE

The citizens committee is composed of representatives of various civic organizations who believe that the school board is right in asking that the voters vote bonds for \$250,000 to erect a new high school. Their object is to bring the facts of the situation to the voters.

THE COST OF THE PROPOSED NEW HIGH SCHOOL SITE

So much has been said about the cost of the proposed site (Block 82) which was selected by the voters last fall, that some facts may prove interesting.

Let the figures speak for themselves. The "true and full value" is the value put upon the property by the property owner, or by the assessor and is the 1924 assessment upon which taxes are now being collected. This is supposed to represent **actual true and full value**. The assessed value is forty per cent of the true and full value and is the figure used in computing the regular taxes. Note that the "true and full" value of Block 82 appears on the county records as \$18,300.00 and the assessed value as \$7,320. This will make the taxes realized from this entire block for this year but \$658.80.

Below are the detailed figures of the true and full value and the assessed value of each description:

Owner	Lot	Block	Full and True Valuation	Assessed Valuation
John Lyng	E. 85 ft. 1 and 2	82	\$ 1,150.00	\$ 460.00

Have You Visited Our High School When in Session?

One of those who oppose a new high school and is vigorously advocating an addition to the old building frankly admitted that he had not recently visited the high school when it was in session and that he WAS NOT conversant with the actual needs. Should his word be taken or should the word be taken of those who have studied the situation? Which is in a position to tell what the students of our schools actually need for good work?

Again, have you as a voter visited our schools and seen the actual condition? If not, whose advice will you take: those who know or those who guess? A majority of our school board say that we need a new high school to meet the situation. They have studied the situation. Shall we not take their advice? Especially so since they are capable and conservative?

Eight Architects Say it Can be Done

The school board has not submitted the proposed cost of building and equipping a new high school without knowing whereof they speak. Eight architects have been consulted and from the results of these conferences and from the records of the state department of education as to the cost of buildings the board is assured that they can secure grounds, build and equip a building to meet the needs for \$350,000. Will you take their word or the word of

those who are guessing wildly and circulating fictitious figures?

Other People's Opinions

Communications are not to exceed 500 words. All must be signed, and will be published with name of writer.

"Patches or a New High School"

A boy attending school with his clothes neatly patched can always hang the sign on a boy dressed in the latest styles at \$1.00 down and \$1.00 per month.

We already own a beautiful school site at the Washington building with ample room for development, then why purchase another site that will cost \$75,000.00 to develop and still give us something undesirable?

THE COST OF HARD WATER

ANY water with 100 pounds of mineral matter to the 1,000,000 pounds is hard water, according to the definition of scientists. Brainerd also has hard water, although we do not know just what percentage of mineral matter it carries. Housewives, doing home washing, have experience as to the quality of city water.

St. Paul and Minneapolis city water, both drawn now from the same source, contains 200 pounds of mineral to the million, or double the desirable proportion. Thus it is apparent, says the St. Paul Pioneer Press, that the proposed removal of lime from the city water, as was done in January last, is still a live question.

When there is a large amount of limestone in the region through which a river flows or from which a lake is fed, there is more lime than usual in the water. This lime makes it necessary to use more soap than otherwise would be required in washing. Another bad effect is that a scale forms in the coils of furnaces. This scale reduces the amount of heat obtainable and eventually clogs up the coils. The scale is formed by the action of heat on the water, causing limestone in fine particles to be precipitated.

Through a chemical process and as a sort of paradox, lime can be taken out of the water by adding more lime to it. The lime which is added acts on the carbonic acid present in the water. The combination causes limestone particles to form and drop to the bottom of the tanks at the water works, instead of going on through the mains. The soft water is water in the condition that it would have been by nature if it had not passed through the limestone beds on its way to the river or lake.

It is estimated that the additional cost of soap alone at Lansing, Mich., where the water is 380 hard, is \$8.96 for a family of five persons per year, which is an extreme case. The additional cost would be about \$3.50 a year per family in St. Paul. That does not take into account the damage hard water does to boilers, in the cost of repairs, loss of heat and otherwise.

DIAGNOSING THE BUSINESS SITUATION.

BUSINESS is overdone in some fields and the matter is covered in a recent editorial published in the Grand Rapids Herald-Review. The Bemidji Daily Pioneer commented on the editorial by saying that "Bemidji is not the only community in the state that is awakening to the knowledge that the retail business is being overdone," presumably in certain lines.

Here is how the editor of the Herald-Review diagnoses the case and gives as a remedy a more simple method of retail distribution:

What is the matter with business? That is the question which is asked by nearly everyone these days, not only in Grand Rapids, but in other centers of population, large or small.

In referring particularly to the retail trade, two things appear as special weaknesses which reduce or eliminate profits. The first is credit, which is extended too freely. The emphasis has been placed upon selling rather than collecting. The customer is passed upon without reference to the ultimate payment and the presumption is that every possible sale should be made. Competition for volume of business has led to credit losses which have seriously impaired the ability of retail trade to produce a profit.

The next factor is that all business is overdone. Every merchant admits it. In every line there is double the number of establishments that there should be. Every store has its definite fixed expenses. When the available business of a community is distributed among too many stores a profit to the merchant is impossible.

We shall some day come to a more simple method of retail distribution. The local community will be driven to it by pressure of new methods, by the compelling forces of new conditions.

The future of the smaller community and its various useful institutions presents an interesting and a vital question. Changes are being recorded daily and the question will be solved. Necessity will compel it.

WHY GOOD MEN SHIRK

THE question is often asked why good, capable men need so much urging to serve on the school board or in other public positions. Just now Brainerd has a very good answer. For months some of Brainerd's most capable citizens, as members of the school board, have been studying our high school needs. They have spent hours in conference and some have given valuable business hours besides making frequent trips to St. Paul to see that proper legislation is secured. This, too, at no cost to the district in the instance of the one who has gone the most.

After all this work these informed men recommended to the voters that they build a new high school. Immediately men who have spent but little time in superficially studying the question begin to oppose the board. They submit counter propositions without studying the situation. Their work is destructive as it discourages those who have labored hard and given valuable services which the district cannot buy. This does not mean that these workers do not want their work questioned, but they do believe that their work should not be criticized until their work has been carefully studied to see if it meets the situation. So long as there is such ready criticism so long will able men shirk such service.

COLD SPRINGS BANK ROBBERY

THE Cold Springs bank robbery was an affair in which a gang of eight or 10 bandits entered the town at the zero hour of 3 in the morning, cutting telephone and telegraph wires and then firing seven or eight shots of nitro-glycerine and opening the vault. Outposts were spotted about to guard against surprise attacks.

There were a few brave souls in the village to meet the attack and history should keep bright the names of Anton Schmitt, the town marshal, shot in the thigh; Frank Meyer, jeweler, shot three times in the thigh; Paul O. Thiesen, village barber, who is also the telephone exchange operator. But what can three men do when they face bandit scouts barricaded and posted on roofs of buildings. Before Schmitt or Meyer could take a shot they were felled by a volley from sawed-off shotguns.

It shows that any village is prey for a band of determined bandits and the only method of counter attack possible is to adopt the plan of the Good Thunder bank, whose cashier kept a bottle of mustard gas in the vault. When bandits attempted to crack the safe, the mustard gas exploded and they beat a hasty retreat.

In having your own car overhauled for spring travel, have them look at the brakes, too.

A Business Opportunity

There is no reason why Midland, on Lake Mille Lacs, can not be one of the most popular amusement places in the Northwest, because it has the location. Situated on two of the most popular trails in the state, also the trail to the iron range near by.

Now we are going to try and make it thus popular, different parties are putting in the following amusements: a water toboggan slide costing \$800.00; a large bath house, with a large porch in addition, to serve as a chicken shack; light grocery; confectionery, etc.

A first class camp ground with tents to rent will be another feature, and also boats and canoes.

We have others interested also and we want still more who are willing to put in some amusement or carnival stunt.

THE COST OF HARD WATER

ANY water with 100 pounds of mineral matter to the 1,000,000 pounds is hard water, according to the definition of scientists. Brainerd also has hard water, although we do not know just what percentage of mineral matter it carries. Housewives, doing home washing, have experience as to the quality of city water.

St. Paul and Minneapolis city water, both drawn now from the same source, contains 200 pounds of mineral to the million, or double the desirable proportion. Thus it is apparent, says the St. Paul Pioneer Press, that the proposed removal of lime from the city water, as was done in January last, is still a live question.

When there is a large amount of limestone in the region through which a river flows or from which a lake is fed, there is more lime than usual in the water. This lime makes it necessary to use more soap than otherwise would be required in washing. Another bad effect is that a scale forms in the coils of furnaces. This scale reduces the amount of heat obtainable and eventually clogs up the coils. The scale is formed by the action of heat on the water, causing limestone in fine particles to be precipitated.

Through a chemical process and as a sort of paradox, lime can be taken out of the water by adding more lime to it. The lime which is added acts on the carbonic acid present in the water. The combination causes limestone particles to form and drop to the bottom of the tanks at the water works, instead of going on through the mains. The soft water is water in the condition that it would have been by nature if it had not passed through the limestone beds on its way to the river or lake.

It is estimated that the additional cost of soap alone at Lansing, Mich., where the water is 380 hard, is \$8.96 for a family of five persons per year, which is an extreme case. The additional cost would be about \$3.50 a year per family in St. Paul. That does not take into account the damage hard water does to boilers, in the cost of repairs, loss of heat and otherwise.

DIAGNOSING THE BUSINESS SITUATION

BUSINESS is overdone in some fields and the matter is covered in a recent editorial published in the Grand Rapids Herald-Review. The Bemidji Daily Pioneer commented on the editorial by saying that "Bemidji is not the only community in the state that is awakening to the knowledge that the retail business is being overdone," presumably in certain lines.

Here is how the editor of the Herald-Review diagnoses the case and gives as a remedy a more simple method of retail distribution:

What is the matter with business? That is the question which is asked by nearly everyone these days, not only in Grand Rapids, but in other centers of population, large or small.

In referring particularly to the retail trade, two things appear as special weaknesses which reduce or eliminate profits. The first is credit, which is extended too freely. The emphasis has been placed upon selling rather than collecting. The customer is passed upon without reference to the ultimate payment and the presumption is that every possible sale should be made. Competition for volume of business has led to credit losses which have seriously impaired the ability of retail trade to produce a profit.

The next factor is that all business is overdone. Every merchant admits it. In every line there is double the number of establishments that there should be. Every store has its definite fixed expenses. When the available business of a community is distributed among too many stores a profit to the merchant is impossible.

We shall some day come to a more simple method of retail distribution. The local community will be driven to it by pressure of new methods, by the compelling forces of new conditions.

The future of the smaller community and its various useful institutions presents an interesting and a vital question. Changes are being recorded daily and the question will be solved. Necessity will compel it.

\$100,000,000 IS 1924 FORD PROFIT

AMOUNT EARNED BY EACH
SHARE OF STOCK IS PLACED
AT \$582

New York, April 1.—The Ford Motor Co. during 1924 made profits estimated at \$100,435,416, which is equivalent to \$582 earned for each of the 172,645 shares of capital stock—all of which are owned by the Ford family.

These figures, derived from comparing the financial statements for the years 1923 and 1924, do not represent the actual income account, which is never made public. In 1923 the profit and loss surplus was \$422,041,081; in 1924, \$542,476,497.

The financial statement, filed in Boston yesterday, shows cash, notes receivable, accounts receivable, securities, patent rights and trade marks of \$300,275,845, compared with \$271,618,688 the previous year.

From this statement some Wall street statisticians calculate the value of each share of Ford stock to be worth as much as \$6,000—which would place the total stock valuation at more than \$1,000,000,000.

CIGARETTS LEGAL IN N. DAKOTA BEGINNING TODAY

(By United Press)
Fargo, N. D., April 1.—For the first time in twelve years, cigarettes were lawfully sold in North Dakota today. The 1925 session of the North Dakota legislature passed two measures repealing the statute of 1913, prohibiting "the manufacture, sale, disposing of, giving away, and soliciting orders for cigaret papers" under penalty.

Because of the emergency clause, the two laws are effective today. Licenses and stamp taxes, estimated to bring in \$500,000 in revenue, are provided for and the use of the injunction in enforcing the regulations and the prohibition against sale to minors.

State Women's Christian Temperance Union headquarters, who led successfully the fight against repeal of the anti-cigaret law in six legislatures and in one election where a measure permitting their sale was initiated, say that in order to secure half a million in stamp taxes and licenses, North Dakotans must spend \$3,000,000 more annually than they do now for tobacco.

The argument of non-enforcement was used in passing the measures. The two women legislators voted against the bills, with the result the W. C. T. U. suggests a concentrated effort to elect more women to the legislature in 1927. The Temperance Union does not now contemplate referring the laws next year, as it is their belief that public opinion will in time demand repeal.

On the statute books of North Dakota still remains the law forbidding smoking in dining rooms where men and women are both served—believed to be the only law of its kind in existence.

STORRS TO TAKE OVER CONTROL OF STREET RAILWAYS

(By United Press)
New York, April 1.—Lucius S. Storrs of New Haven, Conn., will take over today the duties of managing director of the electric street railway industry of the entire United States. His position will in general be very much the same as that of Will Hayes in the movie business. Storrs has been head of the Connecticut company, which operates street cars and busses all over that state.

He believes that if the street car companies cater to the needs of the public, the public will be ready to pay higher fares and remove or readjust what street railway men regard as burdensome taxation. In his new field Storrs will be confronted with problems of modernization of equipment, new financing and the co-ordination of bus and electric car service. Traction leaders believe that the best service and the most reasonable fares will be provided communities by the consolidation of all local transportation under suitable regulation. Storrs was born in Buffalo.

Why Ben Lyon Was Sore

Ben Lyon was extremely sore after the filming of the new Paramount picture, "Wages of Virtue," starring Gloria Swanson and showing at the New Park last time tonight.

This may seem amazing when one considers that this very likeable and

sunny-tempered young star is renowned, among other things, for his affability. The truth is, however, that he was suffering from physical soreness as a result of excessive realism. In "Wages of Virtue," he momentarily forgot he was fighting for the camera in a bare fisted encounter with Ivan Linow. Urged on by the directorial enthusiasm of Allan Dwan he sailed into Linow, and Linow sailed back. Both emerged from the fracas considerably battered, but Gloria Swanson, who as "Carmelita" was the root of all the evil, cooled them down with ice cream, so that both forgot their abrasions and Lyon was even able to rise gallantly to his feet and pass a pretty compliment about "all for a woman."

A bright idea! She'll get a husband who will last just long enough to see the marriage ceremony through.

She chooses a youthful chap of 93 and weds him and then finds out that the candidate for a wooden overcoat is very, very much alive.

Just a smattering of the plot of "Her Temporary Husband," a rollicking laugh-provoker which is to be shown at the New Park Thursday and Friday.

Margaret Livingston in "The Chorus Lady" at Lyceum

Margaret Livingston once thought that having the principal role in a picture was the most wonderful thing in the world—and the easiest. But since playing the title part in "The Chorus Lady," which is now being shown at the Lyceum Theatre, she has changed her mind about the easy part.

"I was laboring under a delusion," admitted that red-headed lady, "when I supposed that having the leading role meant looking pretty and letting the other fellow do the work. I've learned that there is no work in all filmdom so hard as having the chief part in a picture that is as full of pep and action as 'The Chorus Lady.' Though I'll never think it easy again, it is wonderful to be able to give enjoyment to oth-

ers; so if Pat, 'The Chorus Lady,' is well received I shall count it all as work well done, even though I lost

COMB SAGE TEA
INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre At Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair isn't sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—Advt.

Fargo, N. D., April 1.—For the first time in twelve years, cigars were lawfully sold in North Dakota today. The 1925 session of the North Dakota legislature passed two measures repealing the statute of 1913, prohibiting "the manufacture, sale, disposing of, giving away, and soliciting orders for cigar papers" under penalty.

Because of the emergency clause, the two laws are effective today. Licenses and stamp taxes, estimated to bring in \$500,000 in revenue, are provided for and the use of the injunction in enforcing the regulations and the prohibition against sale to minors.

State Women's Christian Temperance Union headquarters, who led successfully the fight against repeal of the anti-cigarette law in six legislatures and in one election where a measure permitting their sale was initiated, say that in order to secure half a million in stamp taxes and licenses, North Dakotans must spend \$3,000,000 more annually than they do now for tobacco.

The argument of non-enforcement was used in passing the measures. The two women legislators voted against the bills, with the result the W. C. T. U. suggests a concentrated effort to elect more women to the legislature in 1927. The Temperance Union does not now contemplate referring the laws next year, as it is their belief that public opinion will in time demand repeal.

On the statute books of North Dakota still remains the law forbidding smoking in dining rooms where men and women are both served—believed to be the only law of its kind in existence.

STORRS TO TAKE OVER CONTROL OF STREET RAILWAYS

(By United Press)
New York, April 1.—Lucius S. Storrs of New Haven, Conn., will take over today the duties of managing director of the electric street railway industry of the entire United States. His position will in general be very much the same as that of Will Hayes in the movie business. Storrs has been head of the Connecticut company, which operates street cars and busses all over that state.

He believes that if the street car companies cater to the needs of the public, the public will be ready to pay higher fares and remove or readjust what street railway men regard as burdensome taxation. In his new field Storrs will be confronted with problems of modernization of equipment, new financing and the co-ordination of bus and electric car service. Traction leaders believe that the best service and the most reasonable fares will be provided communities by the consolidation of all local transportation under suitable regulation. Storrs was born in Buffalo.

AMUSEMENTS**Why Ben Lyon Was Sore**

Ben Lyon was extremely sore after the filming of the new Paramount picture, "Wages of Virtue," starring Gloria Swanson and showing at the New Park last time tonight.

This may seem amazing when one considers that this very likeable and

Gloria Swanson in the Paramount Picture "Wages of Virtue"

sunny-tempered young star is renowned, among other things, for his affability. The truth is, however, that he was suffering from physical soreness as a result of excessive realism. In "Wages of Virtue," he momentarily forgot he was fighting for the camera in a bare fisted encounter with Ivan Linow. Urged on by the directorial enthusiasm of Allan Dwan he sailed into Linow, and Linow sailed back. Both emerged from the fracas considerably battered, but Gloria Swanson, who as "Carmelita" was the root of all the evil, cooled them down with ice cream, so that both forgot their abrasions and Lyon was even able to rise gallantly to his feet and pass a pretty compliment about "all for a woman."

Gets Hubby of 93 for Million Dollars

A million dollars is tied up with a husband! The girl wants the spoolniks—but a husband—never! She can't have one without the other, her aunt's will says.

She must marry within twenty-

four hours or the fortune goes to the Haven for Homeless and Indigent Cats.

A bright idea! She'll get a husband who will last just long enough to see the marriage ceremony through.

She chooses a youthful chap of 93 and weds him and then finds out that the candidate for a wooden overcoat is very, very much alive.

Just a smattering of the plot of "Her Temporary Husband," a rollicking laugh-provoker which is to be shown at the New Park Thursday and Friday.

Margaret Livingston in "The Chorus Lady" at Lyceum

Margaret Livingston once thought that having the principal role in a picture was the most wonderful thing in the world—and the easiest. But since playing the title part in "The Chorus Lady," which is now being shown at the Lyceum Theatre, she has changed her mind about the easy part.

"I was laboring under a delusion," admitted that red-headed lady, "when I supposed that having the leading role meant looking pretty and letting the other fellow do the work. I've learned that there is no work in all of it so hard as having the chief part in a picture that is as full of pep and action as 'The Chorus Lady.' Though I'll never think it easy again, it is wonderful to be able to give enjoyment to oth-

ers; so if Pat, 'The Chorus Lady,' is well received I shall count it all as work well done, even though I lost

Spent Fortune in Search

"I spent \$1,800 in 7 years treating with physicians, some specialists costing me \$10 a visit, only to at last say that nothing could be done for me, that I had cancer or ulcers of the stomach. I suffered awful pain in my stomach, but after taking a few doses of Mayr's Wonderful Remedy these all disappeared and for 3 years am feeling fine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. Wonderful Star Shower

The star shower of November 13, 1833, was the most remarkable one ever recorded. It was visible in America from the Great Lakes southward, almost to the equator. One observer declared that "he never saw snowflakes thicker in a storm than were the stars in the sky at some moments."

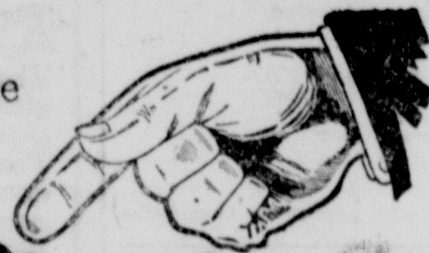

COMB SAGE TEA**INTO GRAY HAIR**

Darkens Beautifully and Restores Its Natural Color and Lustre At Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair isn't sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—Advt.

WOMEN OF WORLD ARE DEMANDING EQUAL RIGHTS

CONFERENCE TO BE HELD IN
WASHINGTON IN
DECEMBER

EXPECT TO FORWARD MOVE-
MENT ALL OVER THE
WORLD

(By United Press)

Washington, April 1.—In Turkey and Wisconsin, South Africa and California, Buenos Aires and Washington, D. C., and in Norway and France and England, women are striving for equality with men—in business, in the professions, in the governments, and before the law.

The movement for "equal rights" between the sexes, given a great impetus by the woman suffrage constitutional amendment in the United States, has become the object for the latest international conference, it was learned today.

An International Parliament of Women, representing feminists from every section of the globe, will be held in Washington next December, in an effort to co-ordinate the efforts of women toward political, economic and social freedom. Alice Paul, one of the leaders of the National Woman's Party in its early campaign for suffrage and later for equal rights and the removal of discriminations against women, is now in Paris and London, where the international committee to handle the meeting is being organized.

Leading suffragists in France and England have pledged their efforts to aid in the new movement.

The women of the United States have gone far in obtaining equality with men, but much remains to be done, according to the leaders of the Woman's Party, which has headquarters here. A constitutional amendment to provide that men and women shall be equal before the law, which would remove all discriminations of the law both favoring and opposing general welfare of women, is being proposed by the party. It was introduced in the last congress, but failed to be acted upon.

Women in France are engaging in an active campaign for suffrage. English women are demanding more equal suffrage with men through elimination of higher age restrictions. German women have the ballot.

But in the other nations of the world woman's condition is very bad, in that she is not regarded by the laws and customs as a person with rights, but as a chattel or precious

belonging, according to the feminist leaders here.

The program for the conference will include the handicaps that each country sets up against its women, and means of uniting to fight the laws and customs that "lead to subjection of the women."

The leading suffragists of France—Mme. Durand, Mme. Duchene, Mme. Jouve, and Mme. Dumont—and those of England—Lady Rhonda, M. P., Elizabeth Robbins, well-known author, and Mrs. Pethick-Lawrence—have become members of the committee.

Prominent American women in France who joined the movement include Mrs. O. H. P. Belmont, president of the Women's Party; Gloria Swanson, the movie star; the Countess of Lausanne, who was a prominent suffrage worker in the United States before her marriage, and Ganna Walska, opera singer. Mrs. John Barrymore and Julia Marlowe also have an interest in the movement.

LOW WATER LEVEL WILL NOT DETER BATHING AT PHALEN

St. Paul, April 1.—There will be bathing at Lake Phalen again this spring.

Motorists and others who visited the park during the last few mild days saw sand stretching as far as the ropes which warn swimmers of deep water.

While the lake is low, H. C. Wenzel, commissioner of parks, said if St. Paul has the usual amount of spring rain it will return to normal level.

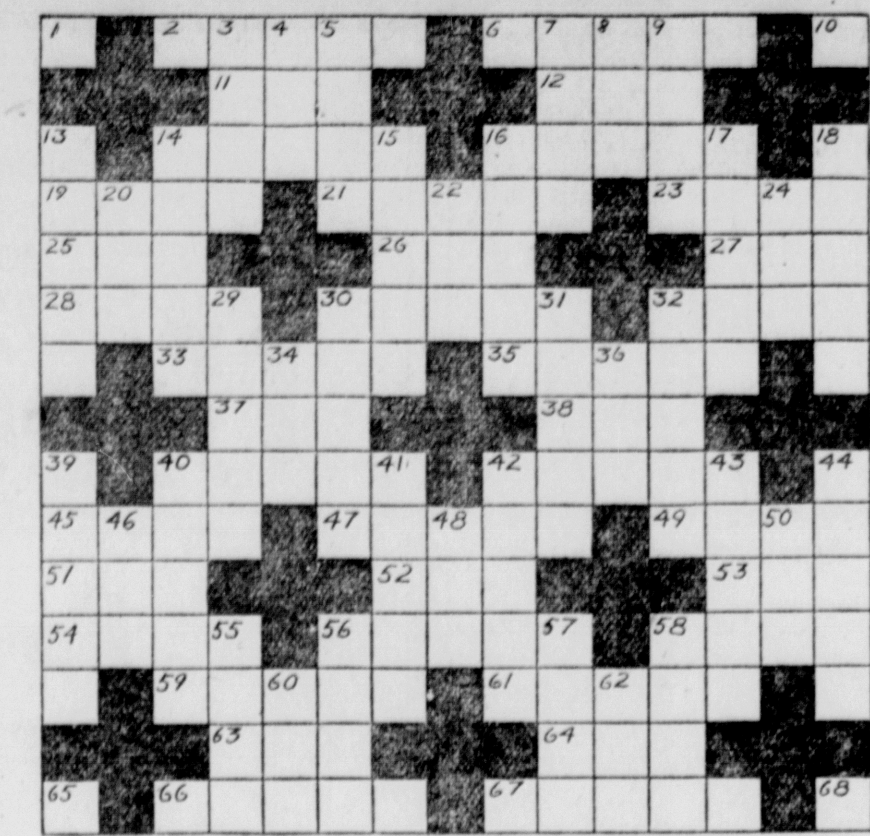

If the rainfall is light, it may be necessary to curtail the space for waders and shallow water swimmers, as a short distance beyond the ropes there is a sharp pitch-off, he said.

One reason for the lowering of the lake is the action of the park department in placing sand on top of the ice. This was done so that when the ice melted it would drop down and cover the rough rocks on which so many bathers stubbed their toes last summer.

Dairy Sires Bodies

Crow Wing county's Dairy Sire
association, organized a year ago
through the efforts of the Brainerd
Chamber of Commerce, is the largest
of its kind in the United States, ac-
cording to a report just received by
County Agent E. G. Roth from the
United States Department of Agri-
culture.

This report states that on January
1st, 1925, there were 220 co-opera-
tive dairy sire associations in the
United States. This is an increase
of only two new associations during
the past year of which the local or-
ganization was one.

Each association is listed separately
in the report, together with the
number of members, the number of
sires, and the number of dairy cows
represented in each association.

The Crow Wing county association
is listed as having 148 farmers who
are members. There are 25 pure-
bred dairy sires and about 750 cows
in the association.

The closest to this record is the
Bliss Jersey Bull association in Idaho,
with a membership of 17 farmers
owning 17 sires and 500 cows. There
are several associations listed with
memberships as large as the local
one, but none of them have as many
sires as the one in Crow Wing county.

The local association, now about a
year old, is a thriving organization,
and progressive in that it hopes to
ultimately enlarge its number of
cows. The 25 bulls, all young stock,
are reported as having come through
the winter in exceptionally fine condition,
a point that is very encour-
aging to the members.

FIRST VISIT IN 32 YEARS

Erman Fulton, Old Time Brainerd
Boy, Renews Acquaintances
Here

Erman Fulton, an old-time Brainerd
boy, is looking up friends in the
city upon his first visit here in 32
years. Erman learned the printer's
trade in the office of the Brainerd
Tribune when it was located in the
Hartley block on Front street and
later worked for the Dispatch.

He was a son of Ephraim Fulton,
who was a policeman under Mayor
A. J. Halsted. His many friends
will be pleased to know that he has
a prosperous business as a stock
broker at his home in Los Angeles,
California.

W. B. A. of Macabees

W. B. A. of the Macabees meets
tomorrow evening in the I. O. O. F.
hall at 7:30. Please be there on
time.

Missionary Society

The Missionary society of the
First Congregational church will
hold its regular monthly meeting on
Friday afternoon at 3 o'clock at the
home of Mrs. E. P. Slipp, 302 Juniper
street. The subject for study
will be contained in Chapter VI of
"Ming-Kwong." All members are
urged to be present.

Bethlehem Church Meeting

All voting members of the Bethlehem
Lutheran church are urged to
be present at a business meeting to
be held in the church parlors this
Wednesday evening at 8 o'clock.
This is a special meeting and is called
to consider business matters of
importance.

LIBRARY BOARD

HAS A SESSION

Junior Department, Well Within
Cost, to be Established
Soon

JUNIOR LIBRARIAN POSITION

Committee Named to Stop Pedestrians
From Making Paths on
Bias Over Lawn

The library board of the Brainerd
public library met in the office of the
librarian on Monday evening. All
of the nine members of the board
were present. Mrs. Rasch, president,
called the meeting to order at 7:30
o'clock.

From the reading of the minutes
to the motion to adjourn at 9:30
o'clock there was something doing
every minute. The librarian and
Mrs. W. W. Bane, characterized as
the two high voltage members, gave
the board something to think about.
Both ladies know what new ideas
are being worked out in every library
in the middle west, and both
are zealous to see that the Brainerd
library shall be made as good and
progressive as the best.

The librarian's report called for
many things, books, book cases,
shelves, desks and items "too numerous
to mention."

This was followed by the report of
the finance committee showing a dis-
couraging lack of funds in the city
treasury to provide all that the li-
brarian's report called for as neces-
sary.

These matters were thoroughly
discussed and were followed by the
report of the committee in charge of
the establishment of a junior depart-
ment in the basement of the library.
This report was prepared and pre-
sented by Mrs. W. W. Bane and was
most complete. It called for a con-
siderable expenditure of money and
brought forth considerable discus-
sion.

Mrs. Rasch is Coolidge and Chris-
tianson condensed into one, wise to
see the real needs of the library, but
firm enough to keep the expendi-
tures within the money allotment
that the people of the city have been
willing to vote for sustaining the li-
brary.

The board by its vote, accepted the
report of the committee and instructed
it to complete the establishment
of a junior department, but to keep
the cost within the money appropri-
ated for that purpose.

A committee of which the presi-
dent of the board is chairman, was
selected to canvass the applications
of junior librarians and to recom-
mend to the board one or two of
such applications for election to that
office.

T. T. Blackburn and J. A. Wilson
were appointed to take steps to stop
pedestrians from making paths on
the bias across the library lawn.

FOLLOWERS OF GLEAM

Congregational Church Society Stud-
ies St. Paul's Missionary
Journeys

The Followers of the Gleam held
their regular monthly meeting on
Saturday afternoon and during the
opening exercises a brief study of
Paul's missionary journeys was taken
up.

The program consisted of contri-
butions from members, reading and
telling parts of letters from a mis-
sionary of China to her friend in
America, as found in Chapter 5 of
"Ming-Kwong." These letters noted:
China National Conference, with
Chinese delegates; effect of the revo-
lution on the life of China, showing
the demand for the scriptures
being the greatest ever known in
China.

The Y. M. C. A. and the Y. W. C.
A. in China, the new place and in-
fluence of the Christian church;
union Christian colleges for women
and Christian literature for women
and children, were among the topics
discussed.

The program closed with the sing-
ing of "Happy Tidings." Kathryn
Allbright at the piano.

The social hour was employed in
sewing for hospital needs and a Joy
Wakers society was organized with
Elizabeth Folsom as chairman,
whose duty is to enlist all who will
assist in making or giving that
which will bring joy to less fortunate
ones.

The afternoon's exercises closed
with the serving of refreshments by
the hostess.

Examination

In municipal court Wednesday
morning L. M. Jones was arraigned
on a charge of unlawfully making a
check on a Staples bank for \$40, in
payment of a team of horses pur-
chased from William Burns of West
Brainerd. Jones waived examina-
tion and was bound over to the dis-
trict court, bonds being set at \$800.

When picked up by local sheriff's
officers near Long Prairie, Jones is
said to have been making his way
out of the country, driving in a cov-
ered wagon and traveling at night
to avoid being seen on the roads.

Walter Schwendemann, arraigned
on a statutory charge, waived exam-
ination and was bound over to the
district court, bonds being required
in the sum of \$500.

Perl Gilmore, also arraigned on a
statutory charge, waived examina-
tion and was bound over to the dis-
trict court, bonds being set at \$500.

On Tuesday Earl Ralston, charged
with third degree burglary, was ar-
raigned, waived examination, and
was held to the district court on
\$500 bonds.

In district court chambers Ralston
pleaded guilty and was sentenced to
the St. Cloud reformatory for a
term not to exceed two years.

Lawrence Ledoux, who waived ex-
amination in municipal court on a
statutory charge, pleaded guilty to the
charge in district court chambers
and was sentenced to serve one year
in the state reformatory at St. Cloud.

TO CAMPAIGN FOR NEW HIGH SCHOOL

Number of Citizens of Various Or-
ganizations Meet at Y. M. C. A.
For That Purpose

W. W. BANE PRESIDED

Effort to be Made to Acquaint vot-
ers With Facts Involved in
Erection of School

A number of citizens, representing
various organizations of the city,
met at the Y. M. C. A. on Tuesday
evening for the purpose of organiz-
ing a campaign to set before the vot-
ers facts in connection with the pro-
posed bond issue for a new high
school building, which will be voted
upon at the election on next Tues-
day.

The organizations that had repre-
sentatives at this meeting included
the parent-teachers' associations of
the various schools, the American
Legion, the Rotary and Lions clubs,
and the high school alumni.

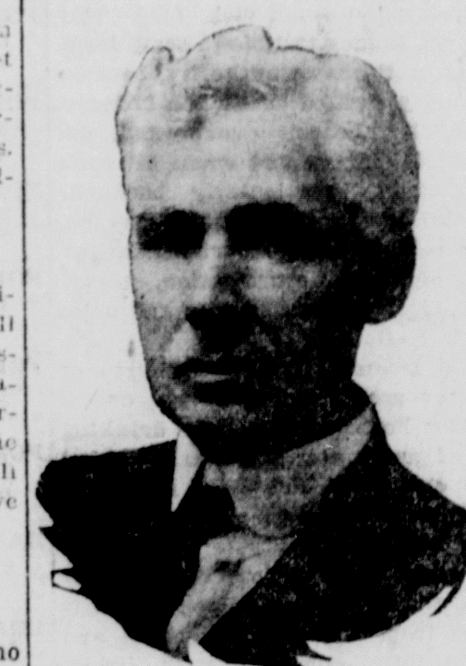

W. W. Bane was elected chairman
of the meeting and asked that the
various points of special interest to
the voters be explained, so that those
present might have a clear concep-
tion of the issues connected with the
voting of bonds.

It was explained that taxes this
year have been reduced 10 mills, so
that if the eight mill maximum that
could be levied for the new high
school, were added, the taxes would
be less than those of 1924. It was
stated that the possibilities of an
eight mill levy were quite remote,
that half of that amount would be a
fair average and that in some years
it is likely that no extra levy will be
made.

Two points were especially empha-
sized, the first that the \$350,000
bond issue would completely cover
the cost of the site, the building and
its equipment, and second that the
site could be obtained without pay-
ing an exorbitant price for it.

As to the first of these points, the
resolution adopted by the board of
education states that the \$350,000
shall cover the expense of the land,
building and equipment, so that the
board, if the bonds are voted, would
first purchase the site, and with the

A number of citizens, representing
various organizations of the city,
met at the Y. M. C. A. on Tuesday
evening for the purpose of organiz-
ing a campaign to set before the vot-
ers facts in connection with the pro-
posed bond issue for a new high
school building, which will be voted
upon at the election on next Tues-

The organizations that had repre-

the parent-teachers' associations of
the various schools, the American
Legion, the Rotary and Lions clubs,
and the high school alumni.

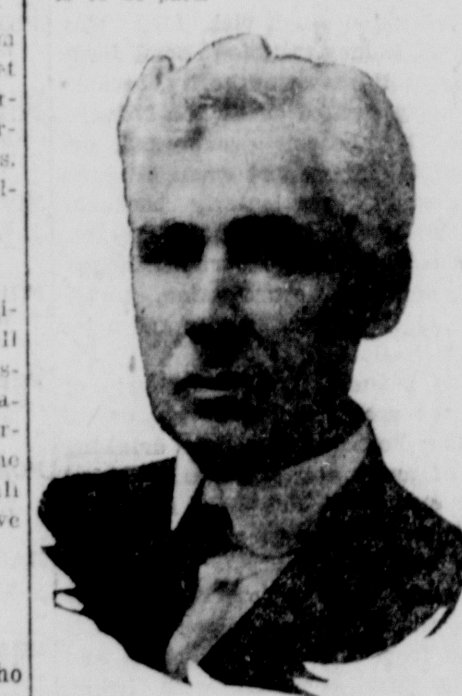

W. W. Bane was elected chairman
of the meeting and asked that the
various points of special interest to
the voters be explained, so that those
present might have a clear concep-

voting of bonds.

It was explained that taxes this

And We Have More New Ones

The ensemble suit is being purchased in two ways.
One way is to purchase the coat and dress as a suit.
The other is to purchase a coat and match a dress to it.
Of course there are advocates of both manners of pur-

DEFIES FLYING IN THE WRESTLING GAME

By HENRY L. FARRELL
(United Press Sports Editor)

New York, April 1.—Wayne (Big) Munn, former Nebraska football star, is willing to prove that he is the world's heavyweight wrestling champion by meeting any challenger in the world and he will put up a forfeit that he will throw him twice within an hour, according to a letter received from Gabe Kaufman, his manager.

Munn found himself in the middle of an interesting controversy recently when Jack Curley, New York promoter, charged that he was head elephant of a new trust; that he wasn't even a good second rater and that there were ten wrestlers who would give him \$10,000 and guarantee to throw him twice in thirty minutes.

"As manager of Wayne Big Munn, world's heavyweight wrestling champion, I am writing you a letter," Kaufman pens, "to give you a little information which you may not have now and which may enlighten you and your readers regarding the controversy now going on between New York and western wrestlers.

"I am in receipt of many newspaper clippings in which it is said that Munn refuses to meet any one of a half dozen wrestlers named by Jack Curley. That is not true and many other things that have been said are not true. I have nailed one of them. It was said recently that a man in Lincoln had challenged Munn and had put up \$1,000 to be bet in the presence of a Lincoln newspaperman. This was denied in a letter received by me from the newspaperman mentioned.

"Pat McGill was one of the wrestlers mentioned as an opponent for Munn. It was said that Munn was afraid of him. I can say truthfully that I offered to match Munn against McGill, the bout to be promoted by Mr. Curley, who named New York as the scene of the bout. Curley turned down the bout and the match was held in Rochester.

"Curley also says that I refuse to meet any one of several other men who would not be even fair drawing cards against the world's champion on their past records.

"However, I have agreed to meet the winner of any tournament in which any man named by Curley or any one else can compete and I am willing to place a cash guarantee that the champion can throw the winner twice within an hour. No one can deny that the tournament plan is the best way to decide which one of the many wrestlers nominated is entitled to a chance for the title."

RADIO AMATEURS
TO BAND INTO
WORLD UNION

(By United Press)

Hartford, Conn., April 1.—Hiram P. Maxim and Kenneth B. Warner, of Hartford, sailed from New York on the Mauretania today for the first international congress of radio amateurs to be held in Paris from April 16 to 20. They will represent the American Radio Relay League, of which they are president and secretary, respectively.

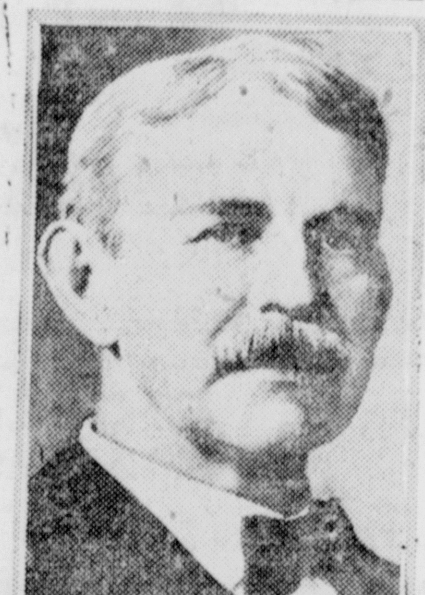

Other representatives of American and Canadian amateur radio operators will sail at the same time to take part in the congress which is expected to consolidate the interest of amateur radio fans throughout the world.

The International Amateur Radio Union is expected to become, as a result of the conference, a vast federation of national amateur associations, the object of which will be to promote amateur interests and suggest methods of regulating and bettering international auxiliary language.

Three leading French amateur societies have banded together to entertain the delegates. Although only one vote from each country will be recognized a general invitation has been extended and a large number of visitors are expected.

SEVEN YEARS SERVICE

CONGRESSMAN REFUSES
SALARY RAISE, FOLLOWING
GRANDFATHER'S EXAMPLE

Henry St. George Tucker, Representative from Virginia, has announced that he will not accept the salary increase of \$2,500 voted by Congress. He is following in the footsteps of his grandfather who declined an increase of \$8 a day voted by a Congress of which he was a member. Comptroller General McCall has ruled that Congressmen must accept the additional salary but may return it to the government.

Surgical Pencil

Among the most interesting pencils made is one intended for the use of surgeons. For marking outlines or divisions on the surface of a patient's body before performing an operation the use of the pencil is sometimes necessary, and, as the ordinary pencil is useless, a special one is made which marks the skin as clearly as an ordinary lead pencil will mark a sheet of paper.

Color in the Household

Color has decided effect on the apparent size of a room. Light shades give an effect of space; also a distribution of colors will have this same effect; for example, a room with light walls and dark rugs and hangings will look larger than one done in dark color. Also a sense of space is created by using the same color on the walls of adjoining rooms.

"Fresh" Eggs in France

When is an egg fresh? After three days' deliberation, which shows how serious the question is, a French court has decided that an egg is fresh when it is not more than two weeks old in summer or more than three weeks old in winter. Hereafter eggs in France will bear in red ink the date when they were laid.—Youth's Companion.

"Old John" Scott, Trying Second "Come-Back"
With Giants, Shows Good Form at Training Camp

Sometimes they "come back." But a double "come back" in baseball or any other sport is a feat extraordinary. Scott has been pitching so well at the Giants' camp at Sarasota, Fla., that every regular member of the club is willing to gamble a few pennies that "Old John" plays an important part in the coming National

League pennant race. Scott developed a lame arm with the Cincinnati Reds three years ago, but he went to New York and an arm specialist patched him up. In the World's Series in 1922 he held the Yankees to four hits, but he failed to keep in condition the following year and last year Manager McGraw sent him to Toledo.

23-Year-Old Entrant
Quits Marble Tournery

St. Paul, April 1.—Henry Heck is not going to win any marble championships for Dayton's Bluff.

Mr. Heck is 23 years old and, as he says, the only kind of marbles he shoots have numbers on them. Under no circumstances will he be inveigled into a game of "wingers"—at least not publicly.

A practical joker sent in the name of Henry W. Heck, 613 North St., as an entrant in The Daily News marble tournament.

Mr. Heck modestly withdrew this morning so someone else will have to win the laurels for the Bluff.

Tia Juana Want Race
Run Over; Track Heavy

San Diego, Calif., April 1.—Owners and turf fans are clamoring for another race this time on a fast track between the horses which ran the Coffroth handicap at Tia Juana Sunday. The jockey club is thinking seriously of staging a consolation classic within two weeks.

Mrs. Victor Vivadeaux's Atherstone won Sunday in 2:07 2-5, deemed fast considering the sloppy condition of the track. George Wingfield's General Thatcher finished second and J. C. Gill's Spic and Span ran third.

Atherstone's owner received \$56,425 from the race which upset all dope. Chilhowee, Kentucky, sensation and a heavyweight was touted to win.

JIM LONDOS IS HELD
TO DRAW BY GARDINI

New York, April 1.—Jim Londos, Greek heavyweight, and Renato Gardini wrestled two hours to a draw here. Joe Steticher, former champion, threw Ivan Zaikin, Russian, with a body scissors in 46:50.

Frigerio, Plant, Nurmi

New York, April 1.—Ugo Frigerio, Olympic walking champion, and Willie Plant, American champion, left today for Boston, where they will join Paavo Nurmi and Willie Ritola, Finnish runners, for a short tour.

CLEAN KIDNEYS
BY DRINKING
LOTS OF WATER

Take Salts to Flush Kidneys if Bladder Bothers or Back Hurts

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

Jad Salts can not injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year.

Take Salts to Flush Kidneys if Bladder Bothers or Back Hurts

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts, or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

Jad Salts can not injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year.

SPRING BARGAINS

Just a few weeks now and the auto season will be in full swing. Two sets of people can profit by reflection on this fact—the owner who wishes to dispose of a good used car and the man who wants a good car but does not feel he can afford a new one.

Many are profiting by this bargain season right now and the way they are profiting is by selling and buying through Dispatch want ads.

Get your auto for the summer in the list of auto bargains in the Dispatch want ad columns.
